

"PINK" DU-ALL™

All Purpose Cleaner

WENCO® "PINK" DU-ALL™ is a lightening fast cleaner that is absolutely safe for all types of floors, as well as walls, woodwork, ceilings, refrigerators, counters, etc. "PINK" DU-ALL™ can be used on any surface that is washable in clear water. This product contains no free alkali, and leaves no harmful deposits. Neutralizing or rinsing after cleaning is not necessary. The cleaner works effectively when mixed with hot or cold, hard or soft water. Quickly loosens oil, grease, ink, and other stains from floors, walls and woodwork.

All Purpose Cleaner

"PINK" DU-ALL™

DIRECTIONS FOR USE

FLOORS

Pour one pint of cleaner into a 2 ½ gallon pail of water (1 to 20) and mix well. Use either hot or cold water. Hot water, however, will increase its effectiveness. Spread cleaner solution on floor with mop or rag, agitate gently. Let stand 1-3 minutes to emulsify soils. To remove use mop or squeegee or vacuum pickup. Rinsing is not essential unless floor is to be waxed, but a clear water rinse is desirable for most effective removal of loosened dirt film. Let floor dry completely.

WALLS AND WOODWORK

Pour ½ pint of cleaner into a 2 ½ gallon pail of water (1 to 40) and mix well. Increase amount of cleaner for extremely dirty surfaces. Spread solution on surface with sponge, brush or rag, agitating gently. To remove, use sponge or rag. Rinse for best results. Let surface dry completely.

TECHNICAL PROPERTIES

Form.....	Liquid
Color.....	Pink
pH Concentrate.....	10.5 - 11.2
pH Use Dilution.....	8.0 - 10.0
Specific Gravity @ 75°F.....	1.06
Density @ 75°F.....	8.8 lbs/gal.
Viscosity @ 75°F.....	400 - 800 cps
Foam.....	High
Glycol Ether.....	None
Solvents.....	None

AVAILABLE SIZES

- ✓ **4x1 Gallon Case**
Bottles Contain 25% PCR
Carton Contains 55% PCF
- ✓ **55 Gallon Drum**
Reconditioned, Reused

INGESTION HEALTH RISKS AND SYMPTOMS OF EXPOSURE

Swallowing large quantities may cause nausea and vomiting.

HEALTH HAZARDS (ACUTE AND CHRONIC)

CHRONIC - No specific information available.

CARCINOGENICITY: NTP CARCINOGEN: No IARC MONOGRAPHS: No OSHA REGULATED: No

The components of this product are not considered to be carcinogens by the National Toxicology Program, the International Agency for Research on Cancer, or the Occupational Safety and Health Administration.

MEDICAL CONDITIONS GENERALLY AGGRAVATED BY EXPOSURE

None reported.

EMERGENCY AND FIRST AID PROCEDURES

INHALATION - Remove to fresh air. Give artificial respiration if not breathing. EYES - Flush immediately with large amounts of water for at least 15 minutes holding eyelids open. Get medical attention. SKIN - Immediately flush skin with lots of running water for at least 15 minutes. Remove contaminated clothing and shoes. INGESTION - If conscious, drink 2 glasses of water. Consult a physician or poison control center immediately. Treat symptomatically. Do not give anything by mouth to an unconscious or convulsing person.

===== SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE =====
STEPS TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED

For small spills dilute with water, mop or wipe up and contain. For large spills, contain by diking with absorbant material. Keep material out of sewers, storm drains, surface waters, and soil.

WASTE DISPOSAL METHOD

Comply with all applicable governmental regulations on spill reporting, handling and disposal of waste. Dispose of contaminated product and materials used in clean up in a manner approved for this material and the contaminant. Consult appropriate Federal, State and Local regulatory agencies to ascertain proper disposal procedures and comply with them.

PRECAUTIONS TO BE TAKEN IN HANDLING AND STORING

Store in a dry, well ventilated place away from incompatible materials. Keep container tightly closed when not in use. Store at temperatures above the solutions freezing point to remain liquid. Do not use pressure to empty container.

OTHER PRECAUTIONS

Empty containers usually still hold residues of material and vapors. These must be considered hazardous and disposed of in accordance with proper handling procedures prescribed for hazardous chemicals. When mixing with water, always add this product to water and stir.

===== SECTION VIII - CONTROL MEASURES =====
RESPIRATORY PROTECTION

In the absence of adequate ventilation an approved respirator may be required.

VENTILATION

Be sure to provide adequate ventilation in all working areas at all time. In general, health problems could result from repeated and prolonged exposure to chemical vapors.

PROTECTIVE GLOVES

None required with normal use.

EYE PROTECTION

None required under normal use conditions. Eye protection required if used overhead or misting or spraying.

OTHER PROTECTIVE CLOTHING OR EQUIPMENT

Where gross eye and skin contact may occur use and wear appropriate clothing, rubber boots with pants on the outside, and rubber gloves.

WORK/HYGIENIC PRACTICES

Standard hygienic practices must be observed when handling all chemicals.

===== SECTION IX - DISCLAIMER =====
Information contained herein is furnished without warranty of any kind. Employees should use this information only as a supplement to other information gathered by them and must make independent determination of suitability and completeness
